As you arrive to [The Logan](#) during the holiday season, you'll see elaborate trees with decorations and lights that cast a warm glow on this Philadelphia hotel. When you go to check in, you'll see that pencil trees with sparkling white lights adorn the common areas of the hotel during the holiday season, as do lovely lanterns, wreaths, garlands and other warm, wintry decor.

Guests can choose to book a stay in the hotel's signature James Logan Suite that's transformed for the holidays each year. That suite comes with a personal Christmas tree, holiday lights, wreaths, tinsel, nutcrackers and a specialty holiday menu for room service.
