In the City of Brotherly Love, spa-goers can now experience a number of CBD-infused treatments at **The Spa at The Logan** (Philadelphia). The spa recently introduced the following services to the menu incorporating products from **Susan's CBD** and **DaCrema Botanicals**:

1. **The CBD Quartet** (\$225, 80 minutes) delivers the botanical power of pure CBD-infused oils and healing balms in this four-in-one treatment designed to relieve stress and melt away muscle aches. After a relaxing massage with a moisturizing wrap, guests are treated to a soothing scalp massage and reflexology to bring the body back into balance.
2. **CBD Mani** (\$40, 25 minutes) & **Pedi** (\$65, 50 minutes) leaves fingers and toes looking and feeling their best thanks to a manicure and pedicure combining CBD exfoliating scrub, massage oil, and bath bomb. Available on their own or in combination from the spa's nail salon.

"There is a profound, holistic state of relaxation that begins almost immediately with these CBD oil-infused experiences," says spa manager Lanez Perry. "We're very excited to offer our guests the proven benefits of CBD oil, including relief for anxiety, continuous aches or sore points throughout the body, inflammation, mood swings, and stress."
